Chai! I missed page 1? My PPR will be in this part 7. Meanwhile, posting this for my friend...

I want to share my story to encourage someone

The taught about relocation to Canada was initiated in early 2015 by my Hubby's friend who had just relocated to Canada. At first I refuted the idea cos I just started a new business and my master's degree program. I imaged dropping them just like that. However, after must pressure and explanation from hubby I gave in, then the journey started.

I decided to follow it through two strategies: firstly to write my licencing exams from naija and get a job n migrate, secondly, to go through express entry.

In December 2015, I wrote my first ielts. It was a terrible experience. I came to the exam hall by 8.45am only to meet a closed exam hall. We were abt 25 candidates who came late. The examiner asked us to go, after much pleading we were allowed to enter the hall, but our listening was conducted separate. I didn't do well at all cos of I was tensed.

Then in 2016 I started again with 2nd ielts (LRWS 7.5,6.5,7.5, img src="https://www.nairaland.com/faces/cool.png" alt="cool" border="0" class="faces"/>, document evaluation, online classes for licensing exams and exam registration. I then applied for Canada visa to go n write the exam but was rejected twice n I missed the exam. I was depressed. At that point we decided to quit the process n focus in naija.

However, in 2017 we decided to just enter the pool.

Our crs score was 395, I decided to leave it like that and continue my life hoping that one day the score will drop.

In Jan 2018, my Hubby's colleague told him that his is relocating to Canada with his

family next month.

That news made my hubby to start having a rethink abt continuing but I convinced him otherwise n told him that we should remain focused on our new year resolution, so he agreed.

Then 2 weeks later a customer told me she was relocating to Canada too in May. This news woke me up from my slumber. Then we decided to start all over. At this point I surfed the net to find out ways to improve my scores. My hubby did ielts n document evaluation.

My ielts journey began again in 2018

3rd ielts attempt march 24 LRWS 6.5,7,6.5,7

4th attempt May 24 LRWS 7,7,7,7

Then I took 1 month leave to study, I read every every, full of confidence. I booked two exams one week apart. Hoping that one must be good as I was determined to enter Canada by all means

5th attempt June 30th LRWS 8,7,6,7

6th attempt July 7th LRWS 8.5,7,6.5,7

I wept bitterly at this point, hw with encouragement from family n friends I was more determined. Then my brother in-law paid for my 7th attempt to encourage me. I read my ass out, hired a tutor to Mark my essay wrote over 50 essays as I figured out that writing was my problem. I even did group reading with an old friend who was also writing ielts to make sure I pass(u know that feeling when someone is paying you don't want to fail). I also tripled my prayers.

7th attempt August 18th LRWS 9,8,6.5,7.5

At this point I didn't cry neither was I depressed I decided to quit, perhaps Canada is not for me. My friend talked said one word that struck me " I don't know abt you but am not quitting " . then I decided to do it one last time. She also told me abt mod ielts I decided to give it a trial as its been BC all along. My brother in-law paid for my ielts again, then I booked the exam. I had only a week to prepare. At that point I decided to stick to only one technique. I also applied for EOR .

8th attempt 8th September mod LRWS 8.5,7.5,7,7.5

This was the turning point

I updated my profile on 2nd Oct my score rose to 470

My score is above the Cut-off. Why haven't I received ITA? Your ITA will come within 24 hours

Others who wrote same date with me have seen their ielts result. Why can't I access mine? Results are uploaded in batches. Usually yours will be available within 24 hours. In some rare cases it takes longer. This is part of the fine print and was explained to you on the day you took the exam

I don't have a credit card, how do I pay for WES or ICES or CES or IQAS ? You can pay with your regular Nigerian card if your bank allows international card payments.

Does ICES accept statement of result? Possibly, if it is sent by your institution.

Does WES accept statement of result? Usually, yes

How do I follow up with ielts remark? pray to whoever or whatever you believe in. Then follow up with international office to be sure your exam actually leaves Nigeria for the remark. To contact: BC

If you're eligible to immigrate under one of the federal immigration programs:

- You will be placed in a pool with others who are also eligible.
- You will be ranked with others using several factors such as your skills, experience, education and other factors.
- You will get an Invitation to Apply (ITA) to a specific program if you are a top candidate. Immigration, Refugees and Citizenship Canada (IRCC) conducts Express Entry draws at regular intervals (usually every two weeks). In these Express Entry draws, candidates above a certain rank are invited to apply for Canadian permanent residence.
- You can apply online for permanent residence when you get an Invitation to Apply (ITA). Invited candidates are given 60 days to submit an online application for permanent residence including all supporting documentation.

Is it just me that's seeing that this your friends story is not adding up?

Firstly, how do you submit documents before ITA? What Is your friend submitting?

Secondly, who gets PPR 2 weeks after biometrics?. That can only happen if her visa office was in Lekki

Thirdly, how did your friends passport get ready before PPR?

And lastly, please ask your friend how many copies of the passport photograph she collected on the 18th was coloured cos I am not understanding anymore. This testimony is confusing me more than it's encouraging me. I get headache.

But anyways, praise the Lord. It has finally ended in praise. 

Are you the visa officer? Why do you think it is not possible to get PPR two weeks after Biometrics? You can get it two days after Biometrics sev.

And i believe the last two items on thé timeline is February and not January.

You don't need to have headache.

If your SIL's report has not been completed yet, she can modify her order by logging into her account and adding additional report. Or she can simply use the contact us option on the WES website and request to add her other certificates to be verified to the order.
